

THOMAS'S KENSINGTON USE OF MEDICAL ROOM POLICY

PROCEDURES

In the event of sickness or illness of a pupil at the Lower School or St Alban's, immediate treatment would be given at the time. However if further treatment is required the child would be escorted by a member of staff to the medical room located in the Prep School office where further assessment and treatment would take place.

Parents will be informed if there is a requirement for the child to be picked up from school before the end of the school day. In an emergency situation an ambulance would be called and parents contacted.
