

The Old Thomasonian

Issue 2 | April 2023

Foreword from the Founding Principals

Dear OTs,

How thrilling for us to introduce the very first edition of our alumni newsletter: The Old Thomasonian. It reminds us of how we felt, all those years ago, when we sent our pupils home with the first ever issue of 'The Bulletin', although this publication is a little more colourful and high tech! So much has happened since we opened our kindergarten doors in 1971 and later, our first Lower School door in 1977 with the 'First Eleven' as we liked to call the initial pupils who helped us to get Thomas's going.

Launching Thomas's Alumni last year provided us with a wonderful opportunity to reconnect with past pupils, parents and members of staff and it has been terrific to meet up with some of them at our 50th Anniversary celebrations, to hear their news and to share memories of their time at Thomas's. The

most exciting part has been finding out what our former pupils have gone on to do and you can read some of their stories below.

A huge 'thank you' also to Nicola Griggs (known to us all as Nikki Diggle) and to Joanna Copland who have done all the considerable spadework in getting the Thomasonians together to be the recipients of this inaugural newsletter. It could not have happened without their enthusiasm and detailed knowledge of the development of the schools. We are indebted to you Nikki and Jo, for getting it going for us all.

Enjoy this first newsletter, do get in touch with your own news and we very much hope to see you at the reunion events organised for this term (please see below for further details).

Best wishes,
David and Joanna Thomas

“ We believe that your time at Thomas's should not end when you leave the school. Thomas's Alumni aims to build an active association of past pupils, parents and staff so that they are part of the school community, for life...

A big 'shout out' to Battersea Alumni Section 16 (those pupils born between 1st September 1986 and 31st August 1987) for being the most represented year group to date.
